Castaway Island Fiji

## BULA! WELCOME TO FIJI

Fiji, the soft coral capital of the world, has a variety of experiences to offer travelers. Whether you're looking for a romantic getaway, family vacation, spa relaxation, diving or fishing – or just want to get away from it all – Fiji has something for everyone.

Nadi, on the island of Viti Levu, is the gateway to Fiji's 330 islands, 100 of which are inhabited. This is home to a number of resorts and a golf course.

The Manamuca and Yasawa island chains are closest to the main island, both a short distance by launch or seaplane from Nadi. These islands offer visitors white sand beaches, clear blue waters and coral reefs.

Distinctly different, the northern island of Vanua Levu (just an hour flight from Nadi) is famous for its diving and lush tropical surroundings. Most of the resorts are small and intimate. For divers, this is paradise. Taveuni is named the "Garden Island" with its lush mountains, tropical rainforests, cool waterfalls and tropical birds. It is a deep sea fishing enthusiasts paradise and also a mecca for divers.

In Fiji, the friendliness of the local people combined with the unique personality of each resort makes it a memorable place to enjoy a South Pacific vacation.
